Become an IT Analyst!

Join an AZNext program at ASU!

AZNext's **Google IT Support Certificate** is open for enrollment.

In this online program, you'll work through six ASU Universal Learner Courses that leverage the Google IT Support Certificate, as well as supplemental industry material that is aimed at giving you the best preparation possible to begin a career in Information Technology.

Upon completion, you'll receive a co-branded professional certificate from ASU and Google, as well as 15 credit hours that you can apply towards a bachelor's degree.

Who Is This Course Designed For?

The course is designed for undergraduate students and working professionals interested in an industry recognized certificate but who also have some interest in a bachelor's or higher-level degree at some point.

To learn more, connect with AZNext today!

Program Timeline

The co-branded program leverages the Google IT Support curriculum and Google's employer consortium to get your foot in the door with over 150 top employers. 82% of certificate graduates report a positive career outcome in six months.

- CIS 194: Business Technology Fundamentals
- CIS 194: Computer Networking in Organizations
- CIS 194: Operating Systems Management for Business
- CIS 294: System Administration and IT Infrastructure Services
- CIS 394: Introduction to IT Security in an Organization
- CIS 402: Privacy Ethics and Compliance

Get College Credits, If You Want To

This program is part of ASU's Universal Learner program. AZNext participants would have the option of completing the program and receiving the certification free of charge, but would not receive college credit on your transcript unless the Universal Learner course fee is paid upon completion. More information on Universal Learner can be found at, www.ea.asu.edu.

Admission Requirements for AZNext

Participants must be:

- 17 years of age or older
- A high school or GED graduate
- Eligible to work in the U.S.
- Unemployed, underemployed, looking to upskill/retrain
